## SUMMER ADVENTURES – Ages 6 - 10

**Summer Adventures** 8:00 AM – 3:30 PM Mon-Fri  
(Ages 6-10) Members: \$361 Non-members: \$386

# of Summer Adventures Weeks:

**Feeding Frenzy:** It's dinnertime! With many different kinds of food come many different kinds of adaptations for eating. Using beaks, toes, teeth, paws, big mouths and little mouths, the different ways that animals chow down at mealtimes are as fascinating as the animals themselves. Elbows off the table, dude.

**Extreme Environments:** Remarkable animals have adapted to live in the most extreme of environments – the dark, deep depths of oceans and caves, seemingly barren deserts and vast ice fields. We'll travel to these unfamiliar worlds and take a close look at the animals that live there, how they survive and the clever ways scientists study the world's most extreme environments.

Please number your first, second and third choice of sessions. There is a **maximum of one week per theme**.

## CONSERVATION HEROES – Ages 11-14

**Conservation Heroes** 8:00 AM – 3:30 PM Mon-Fri  
(Ages 11-14) Members: \$361 Non-members: \$386

**ZooMysteries:** Calling all sleuths! The natural world is full of mysteries, and for each one solved another dozen remain. From answering the whys and hows of crazy adaptations to looking at new animal discoveries and more, we will examine recently solved mysteries, explore those that remain unanswered and maybe discover a few more in the process! Curiosity required.

**Dirty Jobs** The world of conservation is full of dirty jobs, but it's also full of passionate people willing to do them in order to accomplish amazing things for our environment, communities, and animals. These Conservation Heroes are active everywhere, from the far side of the globe to right here in our backyard! We'll learn about champions of local conservation, animal welfare, climate change and more ... and maybe get a little dirty in the process.

Please number your first, second and third choice of sessions. There is a **maximum of one week per theme**.
